

High School Math Class Instructor .30 FTE

Here at Pathways Charter School, we serve TK-12 students using a home-based learning model through collaboration with their independent study teachers and parents/guardians. Our program includes some direct instruction via on-site regional and online schoolwide classes; tutoring, individual, and small group meetings; access to curriculum materials, a lending library, and community vendor services.

Job Summary:

Primary duties include High school Math class instruction with students, either online or at the Solano Learning Center, located in Vallejo, and may include teaching schoolwide online math courses. This person will use online learning platforms (Big Ideas curriculum) such as Google Classroom and may help to manage online learning platforms, such as IXL and Manga High, for class teachers and intervention students. Attend staff training, department meetings, and student intervention meetings as requested/needed.

Requirements / Qualifications:

- Valid Single Subject Math Teaching Credential w/ CLAD.
- Experience teaching high school math coursework including Algebra 1, Algebra 2, Geometry 1, Geometry 2 or Integrated Math courses 1, 2, and 3.

Required to apply:

- Letter of Introduction
- Letter(s) of Recommendation (Three Letters Required)
- Resume

- Proof of current credential

Job Types: Part-time / Approx .30 FTE, Contract

Salary:

\$46.72 per hour

Schedule:

- Onsite and online Teaching hours Monday to Thursday.

- Occasional scheduled Friday staff meetings or department meetings as calendared.

Work Location:

- Onsite on Mondays and Wednesdays at the PCS Solano Learning Center.
- Some online/virtual work depending on workload and courses assigned.
