### **Recruitment Information:**

**Classified Vacancies:** Applicants who meet the minimum requirements of the position will continue to the next step of the recruitment process which is qualification screening. Those applicants with the experience and skills that best match the needs of the position will be invited to a panel interview and written examination (if applicable). If a written examination is required, the interview score and test scores will be averaged to obtain the final score. A written examination score below 70% will disqualify the applicant from placement on an eligibility list. If no examination is required, the interview will be weighted 100% of the final score. A minimum score of 70 is required for an applicant to be placed on an eligibility list. Seniority credit points (for promotional candidates) will be applied to final scores to determine ranks. The top three ranks resulting from the eligibility list will be certified to the hiring interview.

**Certificated Vacancies:** Applications are screened by the Human Resources Department. Candidates meeting minimum qualifications will be considered for an interview and those selected for interview will be notified via phone. More than one round of interviews may occur.
