Alta Vista delivers a whole child focus by providing standard-based instruction guided by on-going assessment and individual needs. The staff at Alta Vista establish high expectations for student achievement, as well as embrace the diverse backgrounds of our school community. We strive to create students who are critical thinkers, life-long learners, and decision makers, who are prepared to be successful not only in school, but in their adult lives and within a technologically competitive world. Alta Vista teaches students to develop and foster a sense of community and responsibility for the Earth through a positive and healthy worldview.

We, the staff of Alta Vista, are dedicated to working with families, community liaisons, service providers, and education professionals to ensure that each and every child achieves his or her individual success.
